Friday 13 May	10am to 10pm
Saturday 14 May	10am to 5pm

MEDIA ACCREDITATION APPLICATION

The *Australian Auto Aftermarket Expo* and the *Collision Repair Expo* welcomes industry media representatives to attend and report these major trade only events. The Expos are not open to the public.

To save you time at the busy entry gate, we recommend that all media representatives attending the Expos pre-register for a Media Accreditation pass. It will be posted to you soon - make sure you bring it to the Expo.

Your Media Accreditation pass also will ensure that your important role in reporting the event is made clear to Expo exhibitors and security staff and will:

- Permit you entry to the Expo Media Briefing with USA *Right to Repair* campaign expert Lee Kadrich on Thursday morning.
- Allow you to take photos at the Expos. (To protect exhibitors' intellectual property, "general" visitors are not permitted to use cameras at the Expos.)
- Permit you entry to the Media Lounge facilities, where you can conduct interviews, use the free Wi-Fi to catch up on emails, take a break and enjoy light refreshments.
- Guarantee you entry to the Expo Seminar Series

Note; you must have a pre-ordered Media Pass to access the privileges above.

Contact AAAA Media Advisor Barry Oosthuizen if you have any questions about your Expo Media Accreditation pass. M: +61 (0)413 185 135 E: b.oosthuizen@bigpond.com.

Please complete one form for each person from your media organisation who is attending the Expos. All fields are required for communicating Expo updates and posting your Media Accreditation pass.
